Pentecost 4

- Today is the 4th Sunday after Pentecost.
- The color of the Season after Pentecost is **green**.
- Pentecost is a time for our **faith to grow**.

Trees need water to grow. Draw drops of water coming from the clouds and the watering can so this sprouting tree can grow big and tall.

Jesus tell us to go out and share his love!

Jesus says we need to shout the Good News from the rooftops. Where else is a good place to share God's love?

Color these places.
